PRESS RELEASE

Haldia Dock Complex, Kolkata Port Trust bags two National Safety Awards for the year 2015 based on Accident Free Year & Lowest Average Frequency Rate.

Haldia Dock Complex, Kolkata Port Trust bags two National Safety Awards for the year 2015 based on Accident Free Year & Lowest Average Frequency Rate for both on-shore and on-board operations. On behalf of Haldia Dock Complex, Kolkata Port Trust, Sri G. Senthilvel, Deputy Chairman, Haldia Dock Complex, Kolkata Port Trust received the awards from Sri Santosh Kumar Gangwar, Hon'ble State Minister (Independent Charge) Ministry of Labour & Employment in a function held at Vigyan Bhawan, New Delhi on September 17, 2017.

It is a matter of pride that the Haldia Dock Complex is receiving the awards for the tenth time. Earlier the Port has received the awards during the year 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2008 & 2010. The progressive equipping of berths by port and by reputed organisations, both for loading / unloading of cargo as well as shore handling operations along with various policy issues taken by KoPT has ensured that HDC creates a safe and productive environment for Cargo Handling. In addition, the Safety Committee headed by Deputy Chairman and consisting of Deputy Director, Inspectorate of Dock Safety, representative of Labour Unions and various port operators / partners has led special emphasis in implementing various safety related issues which are rigorously monitored.

Incidentally, Haldia Dock Complex has also been awarded the best port for its Swachhata initiative. Despite constraints of draft the cargo handling of Haldia Dock Complex has grown by 19% during the current year as compared to Major Ports average of 3.3%. Such achievements of Dock Complex in different areas have already generated interests amongst the port users for being associated with Haldia Dock Complex for investment towards cargo handling operations.
